

## PROSPECTS GOOD FOR SETTLEMENT

Indications Are That the Coal Miners Strike Will Soon End.

## HANNA AT THE HELM

Republican Chairman Acting Between Contesting Employer and Employee.

## STRIKERS GAINING STRENGTH

New York, Sept. 27.—[Special Telegram]—Wall street is full of reports regarding the coal strike today. The best opinion is that the strike is on the verge of a settlement and that the announcement of an agreement will be made before the end of this week.

It is learned that the operators will advance wages ten per cent, and that President Mitchell of the Mine Workers will wave all claims of recognition of the union.

Hanna, it is said, has pressed the question to a settlement and it is now in his hands.

A prominent Wall street man said at noon today that it will be well to look to Hanna for news regarding the settlement of the strike. The coal presidents want talk.

Settlement Is Under Way.

At noon President Truesdale of the Delaware, Lackawanna & Western railway stated that the anthracite strike situation was now in the hands of a person who was negotiating a settlement. When asked about the report of the basis of award, an advance of ten per cent. in wages, and waiving all claim to recognition he said:

"If a settlement is being made on these terms it is not known to me. The whole situation is now in the hands of a capable person."

"Then the strike is being arbitrated?"

"That does not necessarily follow. It is more in the line of mediation than arbitration."

Asked if Hanna was the man referred to, he said: "No, the man is not Hanna."

"Has Archbishop Ryan been to see you today?"

"No," and Truesdale would say no more.

Peace Outlook Is Bright

Hazleton, Pa., Sept. 27.—[Special Telegram]—President Mitchell was asked today concerning Hanna's peace negotiations. He said the miners held aloof from all politics, and stood upon the justice of their cause, the strength of their organization, and the support of public sentiment.

He had not heard directly from Hanna. Mitchell has undoubtedly heard indirectly both from Hanna and the coal trust, as he said there was a bright outlook for an early settlement. His prediction of an early victory is shared generally by the leaders.

Strikers Gaining Strength

Scranton, Pa., Sept. 27.—[Special Telegram]—The operators in this district are making preparations to force the strike issue. Four hundred commissions were received here yesterday by the recorder of deeds from Governor Stone, for coal and iron police. This force with scores of deputies already sworn in, is thought to be sufficient to guarantee the safety of the men expected to be put to work in a few days by five large companies, at whose instance the commissions were issued.

The miners say the bringing in of men from abroad will precipitate trouble. No attempt was made this morning to open any mines. Plenty of soft coal is coming to town in plain cars. The miners are seeking to identify the shippers.

No Sign of Disorder

Pittston, Pa., Sept. 27.—[Special Telegram]—The coal companies began to pay their men for their September work this morning. No sign of disorder.

Hanna May Settle Strike

New York Sept. 27.—The Times says this morning: "Senator Hanna made another visit to the offices of J. P. Morgan & Co. in Wall street, yesterday which was much more protracted than his call on Mr. Morgan the day before. A conference was held at Morgan's offices, which was attended by all the presidents of the coal roads except President Oliphant of the Delaware & Hudson, who is ill."

"Mr. Morgan is working hand in glove with Senator Hanna to bring about a

settlement of the anthracite coal strike and a report got abroad after the conference that the strike had been settled.

Only a Few Men Working

Hazleton, Pa., Sept. 27.—[Special Telegram]—The Markle company's mines at Jeddo opened this morning with a small force. Markle said the number was satisfactory, but the strikers stated that he had less men than on Monday, when less than one fifth of the force was at work. The strikers declare that it is a matter of only a few days before the Jeddo mines shut down completely.

The general situation this morning is unchanged. The exodus of the miners continues, and promises to have an influence toward a settlement. The operators are trying to discourage the men from leaving.

Men Have Won the Strike

Philadelphia, Pa., Sept. 27.—[Special Telegram]—A railroad official in this city who is an authority but who refuses to consent to the use of his name said this morning that the miners' strike had been practically settled and the terms would likely be made known within twenty four hours. The miners may be said to have won their demands with the exception of the recognition of the union, he said. It is believed Archbishop Ryan's intermediation has played a leading part.

## FLOOD OF WATERS AT FORT WORTH

An Avalanche Empties From Fox Into Trinity River and Covers the Bottom Lands.

Fort Worth, Texas, Sept. 27.—[Special Telegram]—People living on the river bottoms were warned at two thirty o'clock this morning to move to places of safety as a twenty foot rise was due here at daybreak.

An avalanche of waters emptied from West Fork into Trinity river at six o'clock this morning forcing the water in the bottoms nearly a mile wide. The whole adjacent low lands are flooded.

It is believed that most of the inhabitants were warned in time. One body was seen floating in Trinity river this morning. Serious results are feared as the waters are rising rapidly.

## NO ULTIMATUM BY LORD WALDERSEE

Cologne, Sept. 27.—[Special Cablegram]—The Gazette prints a Berlin telegram emphatically denying the report that Waldersee would issue an ultimatum to China.

Taku, Sept. 27.—[Special Cablegram]—Gen. Chaffee has arrived at Tien Tien. He visited Li and discussed the situation and conferred with his staff officers regarding the winter quarters near Tien Tsin.

## FILIPINO JUNTA WILL HELP BRYAN

An Agent From Paris Will Conduct an Anti-Imperialistic Propaganda From Washington.

Paris, Sept. 27.—[Special Cablegram]—Sixto Lopez, a leading member of the Filipino Junta in Europe sailed on the Campania Saturday for the United States where he will conduct a secret anti-imperialist propaganda during the campaign. The Junta here is not pleased with Lopez's plan and Agoncillo says he disapproves but Lopez acted under the advice of certain well known anti-imperialists in Boston. Lopez goes direct to Washington where he will establish headquarters.

## FAVOR FOR ROOSEVELT

Bryan Asks That His Own Pictures be Removed From Windows in Lincoln on Oct. 2.

Lincoln, Neb., Sept. 27.—Before leaving for Nebraska City last evening, Mr. Bryan, in a note to the press, requested that his political friends remove his pictures from the windows on Oct. 2, as a matter of courtesy to the republican candidate for vice president, Col. Roosevelt, who visits the city that day.

## PRICES OF TEA WILL GO UP

Crop Is Short In Japan and Trade In China Is Crippled.

San Francisco, Cal., Sept. 27.—The shortage in the Japanese tea crop this season is estimated by experts here at 4,400,000 pounds, and prices have already advanced 10 to 25 per cent. Importers also expect large orders from Russia, which has been cut off from Chinese tea caravans by the war. The Tien Tsin caravan route has been one by which all tea has gone to Russia. All this is closed. Russians will have to get Chinese tea from us and England, and this new demand must be figured on by American tea importers.

## GREAT NORTHERN RAILWAY TUNNEL

ONE OF THE GREAT ENGINEERING FEATS OF THE AGE.

It is Two Miles and a Half Long and Will Cost \$5,000,000—Inside of the Tunnel Lined With An Imperishable Wall of Concrete Four Feet Thick—Work Practically Complete.

St. Paul, Sept. 27.—After nearly four years of steady work upon one of the greatest engineering feats of the age, the Great Northern Railway tunnel through the Cascades was practically completed today. So perfect was the engineering work and so accurate the preliminary plans and surveys, that the two forces, working from opposite ends in the big tunnel, brought the two ends together without the variation of an inch almost.

The terminals of the tunnel are at Cascade Tunnel and Wellington. This great piece of engineering is two miles and a half long, 13,200 feet. The roof is at one place of solid granite, 5,350 feet thick. The tunnel runs in a straight line from the head of one canyon to that of another, with a slope of about ninety feet to the mile.

The east portal is at an elevation of 3,375 feet above the sea level, while the west portal is about 3,125 feet above the same base. It is estimated that the tunnel when completed will cost \$5,000,000. The average progress was from eighteen to twenty feet a day. The tunnel will abolish the "switchback" over the Cascades, which in itself has always been looked upon as a magnificent engineering achievement.

Work on the approaches to the tunnel began in January 1897, but it was late in the summer of that year before the workmen got fairly under cover and had the compressor plants installed. About 800 men all told, are employed in and about the tunnel. Most of the work is done by machinery. The thirty two rock drills driven by compressed air used to bore large and deep holes in the rock at the end of the workings.

The inside of the tunnel is lined with an imperishable wall of concrete four feet in thickness. The complete tunnel is twenty three feet high by sixteen feet wide. Electric locomotives will be used to haul trains through the tunnel, so that no annoyance will be caused by smoke and gas from the ordinary coal-burning engines. The immense white tube will be lighted by double rows of electric lights, and as far as human foresight can predict the tunnel will endure for countless ages, a monument to the daring ingenuity of the Great Northern engineers.

## NEW HONOR FOR BISHOP IRELAND

Eminent American Prelate Is Decorated in Paris as Commander of the Legion of Honor.

Paris, Sept. 27.—Archbishop Ireland who left here today for London, whence he will sail October 10, was decorated yesterday as a commander of the Legion of Honor by M. Jules Cambon, the French ambassador to the United States, in behalf of the French government. General Horace Porter the United States ambassador to France, and Bellamy Storer, the United States minister to Spain, were among those present.

## JUDGE JENKINS MAY RETIRE

Is Awaiting the Result of an Operation on His Eye.

Milwaukee, Wis., Sept. 27.—Judge James G. Jenkins of the United States circuit court, is at present in a darkened room at St. Joseph's Hospital in this city, after an operation performed on his eyes for cataracts. It will not be known for several days how successful the operation has been in restoring the judge's sight. The surgeons believe it will be restored.

Should the operation fail to give him the use of his eyes to some degree he may retire from the bench. Friends of the judge say he has not as yet come to any decision.

Three months ago Mr. Jenkins submitted to a preliminary examination, and since that time he has transacted all the business of his court, although practically blind.

## BEGIN FIGHT ON OSTEOPATHS

Wisconsin Board of Medical Examiners to Make a Test Case.

Milwaukee, Sept. 27.—The attack by the state board of medical examiners on the osteopathic school of healing was begun yesterday by the arrest of Dr. S. A. L. Thompson of this city, a practitioner of osteopathy. The complaint on which the warrant was issued was signed by Dr. Henry Hitz of the state board.

It charges Dr. Thompson with unlawfully holding himself up to the public as a physician and surgeon without having a license. Dr. Thompson appeared at the office of Clerk Weller with his bondsmen G. W. Paine and A. C. Rossbach who qualified in the sum of \$200 each.

Dr. Cherry, president of the Milwaukee College of Osteopathy, said today: "The case will be carried to the highest court in the land. The court of appeals in Kentucky handed down a decision recently in our favor and we have no fear for the outcome."

## PAYNE SAYS WEST IS LOST TO BRYAN

REPORTS INDICATE A REVOLUTION OF SENTIMENT

Western States Have Shown in the General Prosperity of the Whole Country and the Farmers Are Against Any Change of Administration—Heath Confident.

Chicago, Sept. 27.—Vice Chairman Henry C. Payne of the republican National committee received yesterday reports of conditions in the western states carried by Bryan at the last election, and when they were all expressed himself as well satisfied with the situation. The conclusions reached are as follows:

Certain for McKinley—Kansas, Wyoming, Washington, South Dakota. Probably for McKinley—Nebraska, Utah.

Fighting ground—Idaho, Montana, Colorado.

"That there has been a great revolution in the political sentiment in the western states which went for Bryan in 1896 is certain," said Mr. Payne. "How many of these states will be able to carry?"

Are All Expansionists.

"I do not wish to say positively, but the changes in these states from Bryan to McKinley have been as pronounced this year as they were from McKinley to Bryan four years ago. In the first place the people there are, almost to a man, expansionists. When Bryan insisted on putting free silver in the Kansas City platform for their benefit and then followed with the statement that it was 'only a secondary issue,' after all, they became disgusted as they had no use for his 'paramount issue' of imperialism."

"In the second place, all these states have shared in the general prosperity of the country, especially the wool growers, who are getting three times the prices they did four years ago, and they do not care to change political conditions."

Heath and Kerens Confident.

Secretary Heath and Committeeman R. C. Kerens, who returned during the day from a trip through some of these western states were even more confident in Mr. Payne. Mr. Heath summarized the results of his investigation as follows:

"In Wyoming the chances of the republicans are nine out of ten. In Kansas they are equally good. South Dakota is practically sure for McKinley. Washington I was not in, but reports I received assure me that it is safe. In Utah our chances are two out of three. In Nebraska it is conceded all around that the Republicans will elect their candidate for governor. McKinley will receive the electoral vote."

"There are many political changes taking place in Colorado, Montana and Idaho—enough to put these states in the doubtful list."

## INSANE HOSPITAL SUED FOR \$25,000

Former Patient in an Illinois Asylum Alleges Cruel and Inhuman Treatment by Attendants.

Kankakee, Ill., Sept. 27.—[Special Telegram]—Suit was begun today against the Eastern Illinois Insane Hospital for \$25,000 by Daniel W. Storms, a board of trade man and a former patient who alleges he was sent to this institution in 1898 without a regular trial. While there he alleges he was brutally beaten by the attendants, three ribs broken and received ninety-five bruises. The principal claim is based upon the failure of the authorities to employ skilled mental specialists which would have resulted in an earlier discharge.

## INDIAN COMMITS A BLOODY CRIME

Fierdich Act of Causa—His Victim Was Chief Charley of the Odanah Reservation.

Ashland, Wis., Sept. 27.—A murder was committed on the Lac du Flambeau reservation yesterday, which for atrociousness exceeded only by the butchery on the Odanah reservation some years ago in which several squaws were knifed to death by John Mappenny.

The crime was committed by Causa, an Indian of a decidedly bad reputation, who had long been suspected of treachery. The victim of Causa's revenge was Chief Charley, the only son of one of the oldest chiefs in the state. In returning home yesterday from a hunting trip, Causa met Chief Charley on the edge of a grove and without manifesting the simplest signs of his intentions, emptied several rifle shells into the chief's body.

When news of the fierdich assassination reached the settlement, a lynching party was organized, and search was instituted for Causa. Learning of the mob's intention, Causa boarded a Chicago & Northwestern train that was passing through Flambeau, and was carried safely to Minocqua where he was arrested and placed in jail. Causa confessed his guilt, admitting that Chief Charley stole a bottle of whiskey from him some time ago and that he got even with him for the theft.

## PREDICTS LARGE MAJORITY

Had Taylor Quoted on Political Situation in Wisconsin

Washington, D. C., Sept. 26.—The Star has an interview with H. A. Taylor of Madison, assistant secretary of the treasury, concerning the political outlook in Wisconsin. "The state is safely republican," said Mr. Taylor. "The majority will be nearly as great as four years ago when it passed the 100,000 mark."

Secretary Taylor says he recently conversed with two or three prominent Germans widely acquainted in Wisconsin, who have recently traveled all over it. They report that there is no evidence of German disaffection anywhere. Concerning the congressional delegation, Mr. Taylor says it will again be returned to the house solidly republican. He says the Madison district may give some trouble, but he expects Mr. Dahle will be re-elected.

"It seems like a waste of breath to talk about the situation in Wisconsin," concluded Secretary Taylor. "There are plenty of doubtful states about which it is natural to manifest serious concern. The claim of some democrats that Wisconsin is doubtful is absurd."

Cigar Makers on a Strike

Tampa, Fla., Sept. 27.—[Special Telegram]—Eight hundred cigar makers in the Anguelles, Sanches and Hayes factories, are on a strike because of the importation of non-union trimmers from New York. Fears are entertained of an extensive strike.

## H. A. COOPER OPENS BATTLE AT RACINE

Big Demonstration in that City Last Night—Was Warmly Received and Made an Eloquent Address.

Racine, Wis., Sept. 27.—The republicans opened the campaign last night with a speech at the Lakeside Auditorium by Congressman H. A. Cooper. It was preceded by a big demonstration upon the streets. A band of music, the Rough Rider's club, Young Voters' club, McKinley and Roosevelt clubs and other political organizations marched with torches and escorted the speaker to the big building.

The Auditorium was decorated with flags and the portraits of McKinley and Roosevelt were conspicuous. The building was literally packed to the doors, while on the platform were many leading republicans. The speaker was introduced by C. C. Gittings, and a quartet sang a number of selections.

Mr. Cooper Warmly Received.

Congressman Cooper as he stepped to the front of the platform received a spontaneous ovation. He was at his best and delivered an address interesting and convincing, touching upon all of the issues before the people. He expressed his pleasure at meeting so large an audience and said that the republic was safe so long as the people take so deep an interest in the great political questions. A high compliment was paid to the republican nominee for governor, who was referred to as "that able, honest man, Robert LaFollette."

Mr. Cooper then passed to a brief review of the situation of the country for the past eight years in which he forcibly called attention to many remarkable contrasts and made effective use of democratic prophecies of 16 to 1. This portion of the speech was especially effective.

LaFollette at Neenah

Neenah, Wis., Sept. 27.—Between 1,000 and 1,200 people faced the republican candidate for governor in the Princess armory ring in this city last night, when he began his address. Mr. LaFollette arrived in the city at 3 o'clock in the afternoon on the interurban road from Oshkosh, in company with the Hon. S. A. Cook and John Strange.

Mr. LaFollette in opening paid a tribute to the late Congressman Charles Clark, who sat with him in congress and who was a highly esteemed citizen of this community.

Mr. LaFollette will remain the guest of Hon. S. A. Cook until this afternoon, when he will leave for Green Bay where he will speak this evening.

Quarles Start Next Week.

Milwaukee, Sept. 27.—Senator Quarles arrived in Milwaukee yesterday from his campaigning tour through Northern Illinois, which was marked by a series of successful meetings at Rockford and other cities. The senator will remain home the rest of this week, and early next week will start on his Wisconsin trip.

Mr. Bohmrich in Milwaukee.

Two additional dates were yesterday added to the itinerary of Louis G. Bohmrich by the democratic state campaign managers. After accompanying Col. Bryan across the state from La Crosse to Waukesha, Mr. Bohmrich will on October 4 address a meeting in Milwaukee and on Oct. 5 will speak in Fort Atkinson.

Close of the Beer War

London, Sept. 27.—[Special Cablegram]—Gen. Roberts reports from Pretoria Sept. 26: "Hamilton's column reached Komatipoort. Ample supplies received there. The Portuguese officials have been most obliging. The mounted infantry surprised six Frenchmen near Grotto Blei. Seventeen officers and three hundred and nineteen men of the Royal Canadians left Pretoria this morning enroute home."

## COLORADO TOUGHS ATTACK ROOSEVELT

DESPERATE ASSAULT ON GOVERNOR'S PARTY AT VICTOR.

They Fail to Scare Teddy However—Tells Them He Will Represent the Party that Stands For Law and Order—Bryan Denounces the Affair As An Outrage.

Cripple Creek, Col., Sept. 27.—Governor Roosevelt's campaigning tour through Colorado was enlivened yesterday by a hostile demonstration, an attack upon the governor and his escort, a fusillade of rotten eggs, decayed fruits and vegetables and a struggle to get back to his train that much resembled a football rush. It was the liveliest time the governor has experienced since his rush up San Juan hill.

At Victor, a few miles from Cripple Creek, among the mines, a most unique and demonstrative crowd assembled. Governor Roosevelt spoke at Armory hall, which was filled. Governor Roosevelt confined his remarks principally to an attack on the Kansas City platform and its framers and Richard Croker and the ice trust. His remarks were interrupted by a voice crying:

"What about the rotten beef?"

The governor replied: "I ate it, and you will never get near enough to be hit with a bullet or within five miles of it."

Crowd Shouts For Bryan.

Governor Roosevelt succeeded in finishing his remarks, though there was an evident intention among those present that he should not do so. When the governor left the hall with his party to go toward the train he was surrounded by a company of rough riders commanded by Sherman Bell, one of his own soldiers in the Spanish war. He was also accompanied by General Curtis Guild Jr., of Boston, John Proctor Clarke of New York, General Irving Hale of Colorado, Percy S. Ryder, candidate for lieutenant governor; A. M. Stevenson, Lieutenant Rice and several others.

Struck Gov. Roosevelt.

Governor Roosevelt and his party were on foot. A crowd of boys and men began throwing stones and shouting for Bryan. The rough riders mounted and unmounted, closed in around the governor to protect him from assault by the mob. One made a personal attack upon Governor Roosevelt and succeeded in striking him a blow in the breast with a stick. The assailant was immediately knocked down by Daniel M. Sullivan, postmaster of Cripple Creek.

A rush was then made by the mob to drag the mounted men in khaki uniforms from their horses. The men on foot, also in khaki closed around the governor, making a wedge which pushed through the crowd, and they finally succeeded in gaining the train which was surrounded by the mob.

Blows Freely Exchanged

By this time there were probably 1000 or 1,500 excited people in the vicinity and fist cuffs were exchanged on all sides. Many of the mob were armed with sticks and clubs, some with rotten potatoes, stale eggs and lemons. The entire party regained the train however, without serious injury and it pulled out of the place with the rough rider on the rear platform.

Bryan Denies the Attack

Febrasta City, Neb. Sept. 27.—Being shown a telegram to the effect that Theodore Roosevelt was assaulted at Victor, Col. by a band of hired ruffians last night, Mr. Bryan wrote the following statement:

"From what I know of the people of Colorado I am not willing to believe without further evidence that they denied to Mr. Roosevelt or to anyone else a fair hearing. If it proves true that he was mobbed or in any way interfered with I am sure that it was not the work of any political organization. There can be no justification for a resort to violence in this country, and those who resort to it injure the cause which they represent."

## MORE REVOLUTION IN SANTO DOMINGO

Port au Prince, Sept. 27.—[Special Cablegram]—A message from Santo Domingo says a revolution has broken out in that republic. There is a revolt against President Jimenez is led by Horacio Vasquez, vice-president, and Senor Caseres of the province of Santiago.

All China Reported Alarmed.

Berlin, Sept. 27.—Alarming news from China has reached the German government, but it will not be published, as Germany intends to use it during the conferences in Peking. Field Marshal Count von Waldersee has cabled to Emperor William direct that he has found the general situation much more dangerous than he had expected, as it has grown worse during the last fortnight, and the consuls in central and southern China are expecting a general uprising.

Advices from Dr. Mumm von Schwartzstein, the German minister in China, are of a similar tenor. Rear Admiral von Bendemann has repeatedly cabled that the situation along the Yangtze Kiang is very critical, and also expressing fears concerning the safety of Kiao Chou.

## Smile and Suffer.

That's the motto of many a woman's life. She manages the house, receives friends, entertains company, with a moan in the mouth which is stifled and a smile on the face which is a mask to cover up her pain.

Only those who note the dark ringed eyes, the lines about the lips, the occasional pallor of the cheek, know the real story. Such women are among the most grateful for the cures performed by the use of Dr. Pierce's Favorite Prescription. To smile and not to suffer is something wonderful to them. Women suffering from female weakness, inflammation, ulceration or the drains that so weaken the body, may take "Favorite Prescription" with almost absolute certainty of cure. It's sure to help. It's almost sure to heal. It has cured ninety-eight per cent. of those who gave it a fair and faithful trial.

Mrs. H. A. Alsbrook, of Austin, Tonoloway Co., Ark., writes: "After five months of great suffering from female weakness I wrote this for the benefit of other sufferers from the same affliction. I doctored with our family physician without any good results, so my husband urged me to try Dr. Pierce's medicine—which I did, with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Favorite Prescription, four of his 'Golden Medical Discovery' and two vials of his 'Pleasant Pellets'."

Sick women are invited to consult Dr. Pierce by letter free. All correspondence confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

**Decision Against Corrigan.**

Cleveland, O., Sept. 27.—Judge Lamson of common pleas court handed down a decision in favor of John D. Rockefeller in the million-dollar suit brought against the latter by Capt. James Corrigan. In 1895 Corrigan placed 2,500 Standard oil trust certificates in Rockefeller's hands to secure a loan. Rockefeller held the stock as trustee and finally purchased it himself, placing the value at 167 per share. Corrigan afterward charged him with committing fraud. He alleged that Rockefeller, by reason of his position as trustee, had superior knowledge of the value of the stock and that the stock was worth 450 instead of 167 per share. The matter was submitted to arbitrators, who decided in favor of Rockefeller. Corrigan refused to accept their findings and took the case into court.

**Miles Is Chosen Chief.**

Washington, D. C., Sept. 27.—At the convention of Spanish war veterans the following officers were elected: Commander-in-Chief—Gen. Nelson A. Miles. Senior Vice-Commander-in-Chief—Col. James H. Tillman, South Carolina. Junior Vice-Commander-in-Chief—Col. William H. Hubbell, New York. Inspector-General—Col. Frank H. Harrington, United States marine corps. Judge Advocate-General—Maj. Charles E. Miller, Ohio. Surgeon-General—Dr. S. Clifford Cox, U. S. N. Sponsor—Miss Clara Barton. Council of Administration—Col. M. Emmet Urell, District of Columbia; Capt. Henry D. Green, Pennsylvania; Capt. Bernard F. Reinold, New York; John H. Hopper, New Jersey; Max Fleischman, Ohio; Otto L. Sues, North Dakota; Maj. Harold C. Megraw, Indiana.

**Getaway Day in Africa.**

Lorenzo Marques, Sept. 27.—The German steamer Herzog, which sailed for Europe today, had among her passengers the Transvaal postmaster-general, Van Alphen; the assistant secretary of state, Grobler; the state treasurer, Malherbe, and a large quantity of bar gold.

The railroad from Delagoa bay to Pretoria is expected to be open for traffic tomorrow.

Lord Roberts reports that Gen. Ian Hamilton found at the Crocodile river, near Hector spruit, thirteen guns, including several lost by the British. They were mostly destroyed.

**Funeral of John M. Palmer.**

Springfield, Ill., Sept. 27.—The funeral of Gen. John M. Palmer was held this afternoon. Short services were held at family residence at 1 o'clock, conducted by Rev. Euclid B. Rogers, pastor of the Central Baptist church, of which General Palmer was a member. The services were under the auspices of Stephenson Post, No. 30, Grand Army of the Republic, and the Masonic fraternity. The remains were taken at 2:30 to Carlinville, where further services were held at the cemetery.

**Negroes Lynch a Negro.**

Cincinnati, O., Sept. 27.—News reached here from South Pittsburg, Tenn., of a peculiar lynching two miles south of that place. Two negroes passed through South Pittsburg early in the morning with a negro who was bound, and who, they said, they were going to hang for an attack on a woman. Officers soon pursued and found portions of the negro's clothing in the woods, two miles from the town, on the bank of a creek. It is supposed he was thrown into the water.

**Stolen \$1,000 in a Package.**

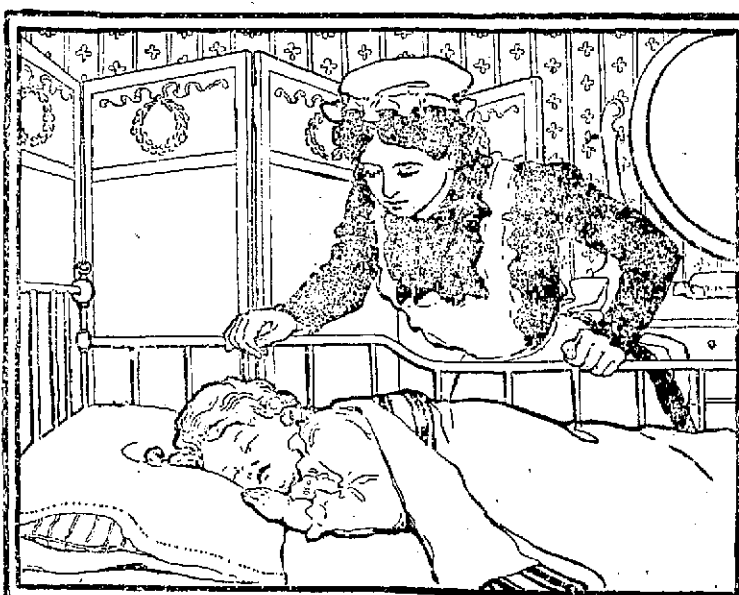

Keokuk, Ia., Sept. 27.—The depot agent of the Adams Express company here was robbed of a \$1,000 package consigned by a local bank to a business house at Salem, Ia. The treasure was supposed to have been put in the safe, but it was missing when the agent checked out. In many respects the case resembles the mysterious abstraction of the \$25,000 package shipped by a Chicago bank to Burlington by the express company.

**Four Men Instantly Killed.**

Edwardsville, Ill., Sept. 27.—Lightning struck a kiln at the Glen Carbon brick yards near here, demolishing the kiln and burying five men under tons of brick. Isaac Carlock, Charles Mather, Elmer Chumley and Thomas Hartbeck were killed instantly. Joseph Burchardt of this city was taken out alive, but is badly injured.

**Boat Sentenced to Death.**

**Death Decried Accidental.**

Shenandoah, Pa., Sept. 27.—The inquest in the case of John Choyenski, or Konitskie, the Polisher killed last Friday during the attack by striking miners on the sheriff and deputies, was finished today. Deputy Coroner Gardin examined a number of witnesses, among them several deputies, who testified that the rioters used pistols. It was not in evidence that an order was given to the deputies to fire, nor could it be learned who fired the first shot. The jury rendered a verdict that Konitskie's death was caused by a stray bullet from a pistol in the hands of one of the sheriff's posse.

Mr. Thos. Pratt of 281 South Main St. says: "I doctored off and on for forty years, attempting to rid myself of backache, which came on by spells, very painful when at their height and even when somewhat allayed, the dull aching was sure to manifest itself, if I overtaxed myself, caught cold or did any work which brought a strain on the muscles of the back. Often I have been so lame and sore that there were days I was confined to my room almost helpless, certainly unable to get up or down. Like a great many other people in Janesville I procured Doan's Kidney Pills at the People's Drug Co.'s store, led to do so by the peculiar advertisement which riveted my attention. After taking a thorough course of the remedy I was able to go to the quarry and sling an eighteen pound hammer without showing any signs of a recurrence. If I am subjected to future attacks I know what remedy to employ."

## MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

## OUT OF THE BUREAU DRAWER.

The negroes may own one sixth of all the real estate, as they do in several counties in Virginia, but to expect to vote, that is another matter.

Think how it simplifies matters not to be disturbed at all by the matter of the ratio, whether it is sixteen to one or forty to one.—Richard Croker.

The Seaboard Air Line, operating some 2,700 miles of railroad in the Eastern States of the South, has ordered 2,000 new freight cars—not wholly for tramps to ride upon, either.

Before Mr. Bryan gets through squaring his past relations to the Paris treaty with his present position relative to the Philippine question, he will wish he had clung to silver as a paramount issue.

It is announced that Hon. Joe Bailey of Texas is to take the stump for the democratic party. But this seems unlikely, as he now has a \$250,000 farm and is rather too prosperous for any use.

Mr. Bryan should cede the sovereignty of his farm at Lincoln, Neb., to Spain or France. The land was acquired by the United States without the "consent of the governed" by another democrat, Thomas Jefferson. How Mr. Bryan can consent to live in Nebraska when this circumstance is considered, is unexplainable.

If elected president Mr. Bryan will become commander-in-chief of the army. This being the case, how will Mr. Bryan pay the soldiers of the United States who have restored order in the Philippines and rescued Minister Conger? Will it be in silver? It is very important that the soldiers and ex-soldiers understand this matter clearly and distinctly.

Recent developments will go far

towards discrediting the Bryan campaign. Captured correspondence found on the persons of men high in the confidence of the Tagalos and their leaders, which is made public from time to time by the war department, shows conclusively that those Filipinos who are being paraded as patriots of the George Washington stripe are a band of cut-throats and murderers. It has been shown that they would enter the city of Manila and burn down the town and destroy not only American but foreign property, and do this for the purpose of making it appear that the United States government cannot protect the lives and property of the people there. Several attacks have been planned which take the form and nature of a massacre, and which resemble more the plans of a band of savages, rather than of men supposed to be organized soldiers, fighting for their liberty. Loot, not liberty is what the Aguinaldists demand; anarchy, not government; blood not butchery, instead of peace and prosperity.

In 1864 the Democrats were charging Abraham Lincoln with being an imperialist and a republic wrecker. The Indianapolis Sentinel was particularly vigorous in this work. Mr. Bryan is not quoting from the files of his Indianapolis organ.

Fakes and Enkires. Now that it has become the fashion to arrest and fine fakes, such as "divine healers," dealers in charms, etc., the wonder is that some zealous magistrate does not lay hands on the Democratic candidate for the presidency and numerous others who follow his lead. They posed as prophets in 1896, and they predicted calamity and disaster if McKinley were elected president on a platform which promised protection to American industries and to all American interests. Events have proved them to have been false prophets, false to the uttermost degree. Yet still they prophesy similar things. If fakes are to be run in, surely these gentlemen should not escape.

The Hon. John P. Altgeld as attorney general of the United States would be a fine thing for the anarchist industry.

Why the People Hesitate. The nomination of Mr. Bryan has placed the leadership of the Democratic party in the hands of the Hon. John P. Altgeld, the Hon. George Fred Williams, the Hon. William Sulzer, the Hon. John J. Lentz, the Hon. Joseph W. Bailey and the Hon. Webster Davis. Is it any wonder the party is experiencing a weakness in its following department?

Hard to Swallow. In 1896 Colonel Watterson described Mr. Bryan as "a dishonest dodger, a daring adventurer and a political fakir." Furthermore, he expressed his disgust by going to Paris and remaining until after the election. So it will be perceived what an unpleasant dose the colonel is trying to swallow this year.

Populists Deceived. The Democratic plea that the 16 to 1 plank was inserted in the Kansas City platform to fool the Populists is not calculated to inspire confidence on the part of the other voters. A party that practices deception upon one class of voters will not hesitate to enlarge its field in that particular line.

Cotton's Great Gain. In 30 years, in which the population of the country has increased 100 per cent, the production of cotton has increased 300 per cent, and they don't feel so bad over this in the southern states either.

The Scuttle Policy. The Democratic orators are being instructed to use the soft pedal on the 16 to 1 plank of the Kansas City platform. Thus do they apply the scuttle policy to their own declaration of principles.

Whether Tammany Hall is raising a Democratic fund of \$2,000,000 or not, there is no question that it would be entirely easy for it to do so.

California Satisfied. California's trade with the Philippines now amounts to \$2,000,000 a month. California didn't send a single delegate to the Indianapolis gathering of malcontents.

More to Come. The returns are not complete, and it is not believed that Mr. Bryan has heard from all of his notification committees.

Bryan is "It." "Save the republic," shouts Mr. Bryan, and then adds, sotto voce, "I am the republic."

A Faded Issue. What has become of Mr. Macrum? A while ago he was to be the paramount issue.

Boer Woman at Chautauqua. A typical Boer young woman of the wealthier class is a student at Chautauqua, N. Y. She is Miss Carrie Rousseau, of Kenilworth, a suburb of Cape Colony, and is the daughter of a cousin of President Steyn, of the Orange Free State, and a grandniece of General Botha. She and her mother left South Africa at the outbreak of the war.

The 1000th Cremation. The remains of Mrs. Rose B. Uhl will be incinerated on Monday at the Missouri Crematory. This will be the 1000th cremation since the establishment of the crematory in this city.—St. Louis Globe-Democrat.

Chop one large onion fine and sprinkle into a hot roasting pan that was previously sparingly buttered. Also some salt and pepper. Place the fish in the pan, sprinkle with salt and pepper and cover with chopped onion and parsley. Place slices of butter over the fish and pour over it a teaspoonful of lemon juice. Bake in a moderate oven 30 minutes. Place on a hot dish and serve with white sauce and sliced lemon.

**Democratic Trusts.**  
Chairman Jones declares that the cotton compress trust, of which he is a stockholder and beneficiary, is authorized by the constitution. We believe the same claim was set up by the promoters of the Tammany Ice trust.

**Should Help Their Friend.**  
Mr. Bryan ought to be able to raise a substantial sum among British ship-builders and shipowners because of his anti-American ship subsidy plank in the Democratic national platform this year.

**Presidential Election Vote Increases.**  
Since 1864 the total vote at each successive presidential election has shown an increase over the vote of the preceding contest. From 1864 to 1868 the gain was 1,700,000; from 1868 to 1872, 700,000; from 1872 to 1876, 2,000,000; from 1876 to 1880, 800,000; from 1880 to 1884, 800,000; from 1884 to 1888, 1,300,000, an abnormally large increase, not accounted for by the admission of new states; from 1888 to 1892, 700,000, and from 1892 to 1896, 1,900,000. This year the probable total popular vote is estimated at 16,000,000.

## REBUILDING THE FURNITURE FACTORY

WORK ON THE NEW STRUCTURE HAS COMMENCED.

The New Plant Will Be A Frame Structure Larger Than the Building Burned Down—Shifting Will Be All Underground—Many Other Improvements to Be Made.

The Choate-Hollister Furniture factory will be rebuilt. Workmen are already engaged in laying the foundations and it is expected that it will be running by the first of the year.

The new factory will be a frame structure and will be considerably larger than the old building. It will be two stories high and the main structure will be 60 or 65 by 200 with a wing 50 by 80, giving the company about 4,000 feet more floor space than they had in the old one. The cost of the new building has not yet been ascertained but it will cost in the neighborhood of ten thousand dollars.

The factory when finished will be a great improvement over the one destroyed. There will be no overhead shafting all the shafting running under the floors. The machinery will be of the latest pattern and the best money can buy.

It is expected that once the factory is in running order that they will employ one hundred hands from the start and this number will be increased as the business demands.

The engine and boiler were not ruined by the fire and will be used to run the new factory. The engine room will be in the same place the old walls being of solid brick and in good shape for repairing.

The stockholders of the company have shown that they are in earnest about rebuilding the factory, but that they do not ask for cash from the citizens, to help rebuild, is shown by their letter published last evening. What they want is fire protection, and this should be given them without delay. An enterprise that gives employment to one hundred hands should be looked upon as a benefit to the city, and anything that can be done to give them protection, should be done at once.

The members of the Choate-Hollister company are entirely satisfied with the business before they met their loss, and they believe that with more floor space and large number of hands, the business can be largely increased.

BOSTON, BAILEY & CO.

McClure's for October

The October number of McClure's opens with an article on "The Strategy of National Campaigns," attractively illustrated by Jay Hambidge. The frontispiece, showing Governor Roosevelt and Senator Hanna in conference at Republican National headquarters, and the strikingly original portraits of Cleveland, Blaine, Quay, Croker, Bryan and others, lend especial interest to this paper on the tactics of party managers in the presidential campaigns of the past twenty-five years. The author has been in the thick of the fight and has evidently been brought very closely into contact with the great leaders in the battles which he describes.

Dr. A. Conan Doyle is a contributor to this issue. His "Some Lessons of the War," which is a critique of the bearing of the British troops in the South African campaign, exposes the faults of the various branches of the service and advances a somewhat startling plan for the re-organization of the army. In addition to these articles on campaign tactics and the South African war, there are others on "Casting a Great Lens," by R. S. Baker, describing the manufacture of the famous Jena Lenses, and on "The Ancestry of the Horse" by F. A. Lucas, with diagrams illustrating the family record of the horse during the past two million years.

The fiction of the number includes stories by Anita Fitch, Gelett Burgess, E. Hough, Edith Wyatt, Annie Webster, Myra W. Jarrell and Josiah Flint and Francis Walton. Mrs. Fitch's "The Lady With the Waterfall" is illustrated by Walter Glackens, the young artist whose individuality of style has lately brought him into prominence. "The Horse Thief" by E. Hough is a Western story told with remarkable bravado and with rollicking humor of style. As for the others, it is hard to say which is best, whether Josiah Flint's account of the outcome of the murder of a New York policeman or Gelett Burgess's partly American, partly foreign sketch of "Mademoiselle Panchesi."

The Rev. John Watson and the Rev. Cyrus Townsend Brady are also contributors to the October McClure's.

MARTORY BATES, daughter of William Bates, fell yesterday while playing at the Jefferson school grounds, and broke her collar bone.

## B. F. LANDIS IS IN TROUBLE AT TOLEDO

SAID TO BE THE LEADER OF A GANG OF HORSE THIEVES.

Was a Former Resident of Janesville And Was Sent to Waupun from Oakkosh for Horse Stealing—He Fell Out With the Robbers He Was Working With in Ohio.

B. F. Landis, a former Janesville resident, seems to be getting into all kinds of trouble with the authorities at his home in Toledo, Ohio. Landis lived in this city for some time several years ago and ran a cigar store on North Main street just north of this office on the same side of the street. After leaving here he was arrested for horse stealing at Oakkosh and served time in the state prison at Waupun.

The time he put in serving the state of Wisconsin did not do him much good as he took up his old trade immediately after leaving the prison and has kept it up until the present time and now seems to be in a fair way to put in a long term for his numerous crimes.

A dispatch from Toledo, Ohio, says: Benjamin F. Landis, a resident of the aristocratic Collingwood avenue district, is locked up in the police station on a charge of horse stealing. Chief Hall is satisfied that Landis may be the leader of a gang that has operated throughout the middle west.

He has had new horses very frequently, and has many rigs.

Already five horses and rigs, stolen from different places in northwestern Ohio, have been located, and there is reason to believe that many more will be found.

The arrest of Landis was brought about, evidently, by a falling out among thieves.

Yesterday Marshall Alonzo Orem of Leipsic, Ohio, received a letter stating that the man who had stolen a bay horse early in June, was living in Toledo, on One street and that the horse could be found in the possession of a man on Forster street.

Chief Hall questioned Mrs. Landis closely and claims to have secured some good evidence. She said she and her husband came here from Iowa. She admitted that he had served a term in the penitentiary for safe blowing and another term for horse stealing.

Chief Hall also discovered that the rig which Landis was driving had been stolen from Robert Sloan of Hardin county.

The horse which led to Landis' arrest was found at the home of Frank Pinski, 1634 Forster street. It was stolen from Matthew Schroeder of Leipsic, on the night of July 2. Landis sold the horse to Pinski for \$25 on July 5. The Poles have a receipt for the money, signed "B. F. Landis." The officers have this in their possession.

HAVE GONE TO THEIR REWARD

Justine Schachtelneider, aged seventy-six years, passed peacefully away yesterday afternoon at 4 o'clock at her home. The deceased was born in Chemnitz, Germany, August 25th, 1824.

In 1881 she came to America with her sons William and August. She has made her home with her son William in the town of Harmony. She leaves surviving her three sons, William, August and Ludwig. The funeral will be held Friday afternoon at 1:30 o'clock from the home and at 3 o'clock from St. Paul's Lutheran church and will be conducted by Rev. O. J. Kooner. The interment will be at Oak Hill cemetery.

FUNERAL OF MRS. G. H. TURNER  
All that was mortal of the late Mrs. G. H. Turner was tenderly laid to rest this afternoon. The funeral services were held from the home, 106 South Academy street, at 2:30 o'clock. Rev. W. W. Woodside officiating. The services were largely attended by the friends of the deceased, who gathered to pay their last respects. Many beautiful floral tributes were sent by sorrowing friends. The interment was in Oak Hill cemetery.

FIGHTING IN ISLANDS.

Troops Have Many Skirmishes with Natives in Philippines.

Manila, Sept. 27.—Skirmishes are increasing at many places in the province of Cavite. The seaport of Paranaque, a few miles south of Manila, was attacked Monday night by the rebels and two Americans of the garrison were killed and five wounded. The troops quickly assumed the offensive. They located two bands of insurgents, numbering 400 men, and killed thirty-five, wounded fourteen, and captured twelve.

Reports have been received from Samar to the effect that Capt. Goldcler, with a company of the Twenty-ninth Infantry, embarked on a steamer and scoured the coast of the island. He found everything quiet. Most of the towns were deserted, but they were well entrenched. The inhabitants burned several towns and fled to the mountains on the approach of the Americans.

As a steamer was ascending the Catubig river, the scene of a former disaster to nineteen Americans, it was attacked by Filipinos who were concealed in the overhanging hills. Their fire riddled the vessel with bullets, but none of the Americans aboard were hurt.

Last night there was outpost firing at Paete, Pagsanjan, and Santa Cruz, in Laguna province.

Putzkahn, Zerbel.

August Putzkahn and Miss Mary Zerbel were happily united in marriage last evening at 7 o'clock at St. John's German Lutheran church, Rev. P. F. Worth performing the ceremony. The bride was attended by Misses Clara Meyer and Martha Pope and the groom by Fred Zerbel and Emil Meyer. Both young people are well known and have a large circle of friends. After the wedding ceremony an elaborate reception was tendered them at the home of the bride's parents, with whom they will reside. The young couple were the recipients of many beautiful gifts.

Incumbents of Church Livings.

In 1899 there were 103 incumbents of church livings in England who had occupied the same living for fifty years or more, and of these twelve had held their places for sixty years. Their average income amounted to \$1,250 a year, and in sixteen cases the income after fifty years' continuous service was between the limits of \$380 and \$710 a year.

Was Richest Man in Ohio.

David Linton, who died at Cincinnati recently, is believed to have been the richest man in the state of Ohio. His fortune amounts to about \$30,000,000. Nearly all of this will pass to his daughter, who is the wife of ex-Congressman Charles P. Taft.

Orky of Color For the Irish Guards.

The uniform of the new regiment of Irish guards has at last been approved, says the London Daily News. To be uniform with the other regiments of the brigade the tunic of the Irish guards will be of scarlet and the facings blue, denoting that the regiment is a "royal" one. The Irish will be the Fourth guards regiment, and this fact will be indicated by the buttons in front of the tunic, which will be placed in groups of four with an intervening space. The collar badge will be a shamrock leaf and the band around the forage cap green. Like the other regiments of guards, the full dress headpiece of the Irish regiment will be a bearskin with a plume of "Patrick blue" at the side. "Patrick blue" is a light shade very much resembling that affected by Cambridge university and is so called as being the color of the ribbon of the premier Irish order, St. Patrick.

## RECEIVED 6 PRIZES AT ILLINOIS FAIR

Remarkable Success of Alex Galbraith With His Horses at the Fairs This Fall.

Alexander Galbraith today received a telegram from his son Graham Galbraith who is at the Illinois state fair at Springfield, Ill., stating that their horses had received six prizes, four first and two seconds against strong competition.

Mr. Galbraith has had a fine string of horses on exhibition this year and has been remarkably successful in competing for prizes at the different state fairs.

The competition has been very spirited but the fine animals imported by Mr. Galbraith have succeeded in getting the coveted ribbons.

The Galbraith horses have been shown at the Iowa, Wisconsin and Illinois state fairs at every one of which they came in competition with horses from all parts of the country. At the three fairs the horses succeeded in winning twenty prizes, fourteen first and six second. This is a grand showing and the horses must be of unusual merit to secure so many prizes.

Says Indiana Starve.

St. Paul, Minn., Sept. 27.—A Winnipeg (Man.) special to the Dispatch says that G. F. Stevens, a Methodist missionary at Oxford house, in a letter dated Oxford House, Sept. 10, 1900, makes the following announcement: "During the late winter and early spring of this year between twenty and thirty Indians of the Saulteaux tribe at or near Andy lake and leading into the Island lake Hudson bay company post, died of starvation. Rabbits and deer have failed these people and although they eat even the bark of trees yet they are not always able to sustain life during the winters. Oxford House is in the district of Keewateen and is situated about half way between Norway House and York factory. The department of interior is investigating."

Kills Girl in the Woods.

Bellefonte, Pa., Sept. 27.—John Keenan, a woodman, shot and killed Annie Hobson, the pretty daughter of John Hobson of Gillington, this county. The two, accompanied by the girl's baby sister, had gone for a walk in the woods, and a half hour afterward Keenan carried the lifeless body of the girl back home. Keenan, who claims the shooting was accidental, is under arrest.

Mania on a Smokestack.

South Chicago, Ill., Sept. 27.—Fired by a religious frenzy, Michael Polaski, a Polish laborer, climbed to the top of a 150-foot smokestack at the Illinois Steel works, just before dusk, and clung there muttering prayers and shouting hymns, preparatory to taking the leap which he fancied would land him in heaven. He was rescued by John Sonalski, 8403 Ontario avenue, a fellow workman.

Killed by Cars at Elgin.

Elgin, Ill., Sept. 27.—Edward Carlson, in stepping from one track to avoid a train on the Milwaukee road, stepped in front of another train and was instantly killed.

Woolley in Minnesota.

Fergus Falls, Minn., Sept. 27.—The prohibition special during the day traveled from Crookston to Fergus Falls, where the evening rally was held, making a total of seven stops.

Bryan at Nebraska City.

Nebraska City, Neb., Sept. 27.—William J. Bryan spoke at the courthouse grounds in this city to a large audience.

Hurricane Sweeps Iceland.

Edinburgh, Sept. 27.—News has been received at Drummore, Luce Bay, of a hurricane at Oford, Iceland, Sept. 20. The wind, it is said, blew 120 miles an hour. Nearly all the fishing smacks were driven ashore, houses were razed and several persons were killed. There was great destruction to property.

Great Loss in Texas.

Fort Worth, Tex., Sept. 27.—A conservative estimate places the loss by recent storms in various sections of the state at fully \$1,000,000. This is exclusive of the great gulf coast disaster on Sept. 8, the property loss by which is now said to be over \$30,000,000, and loss of life fully 8,000. The rivers are still rising.

Strange Accident at Sea.

Shanghai, Sept. 27.—The boatswain, the carpenter and a fireman belonging to the British transport Mohawk, were asphyxiated by the fumes of a quantity of carbolic acid kept on board the vessel. The mate and another member of the crew have recovered.

Anarchism an Infectious Disease.

The sooner Great Britain and the United States and the other great powers to recognize that anarchism is a mental disease, differing from most others in that it is highly infectious, and decide on a scientific scheme for its eradication, the better for civilization and—a point not to be overlooked in this human age—the better for patients in question.—London Post.

## GUIDE FOR RAILWAY EXCURSIONISTS

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road-bed for that reason is rock-ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.
